## 2024 PRODUCT CATALOG

# THE RANGE PICKER THAT STARTED IT ALL

When it comes to range ball pickers, nobody does it better than Easy Picker Golf Products, Inc. Designed in 1970 (Patent Number 3,788,506), this is the original range ball picker other companies attempt to imitate. It has been used by thousands of range operators and has stood the test of time by being the most thoroughly tested and copied picker in the industry.

- High Rise style for better operator visibility
- Baskets have built in handles for easier unloading
- Triangular configuration provides superior maneuverability compared to straight line pickers
- Patented disc technology eliminates ball marking and cutting with smooth transfer from disc to basket
- Discs have been improved and are even more durable
- Easily retrieves plugged and buried balls

# PRE-SOAKER | ELEVATOR

## Pre-soaker

Easy Picker's heavy duty pre-soaker solves the problem of hard to clean range balls.

Rust free polypropylene tank and a removable marine board floor allows easy cleaning. The gravity fed system ensures the first ball in is the first ball out. A 2" ball valve drains the tank rapidly. Sits on an aluminum base.

Includes a high capacity elevator effortlessly removes the balls from the tank and a 10" wide PVC stainless steel-laced belt driven by a 1/4 HP motor.

**PS-001 \$7795.00**

- 3/4" Foam Pad
- 4 Holes
- Weight - 35 lbs

## True to Turf Mat

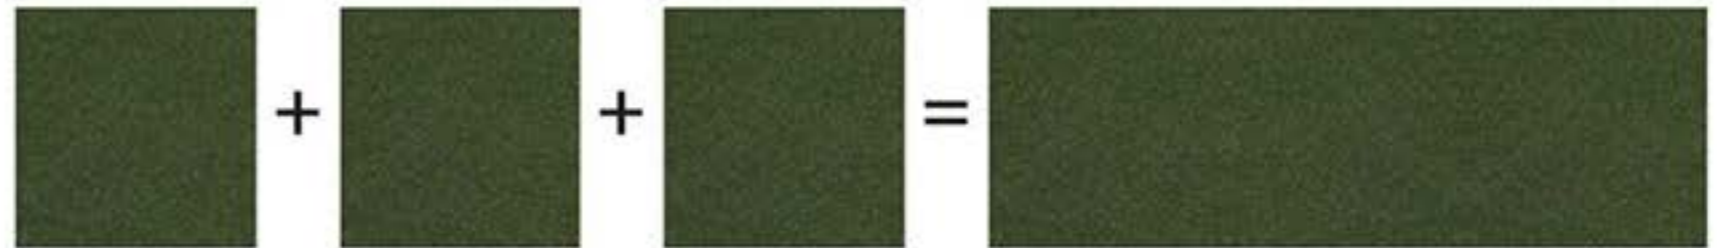

MT-475 \$449.95

4-Hole Square 59" x 59" Mat

Extremely realistic "feel" imitates natural turf. Your driving range customers can hit ball after ball without experiencing the bounce or resistance of a normal mat.

- 1 1/4" Crimped Nylon Turf
- 1/2" Foam Pad
- Regular wooden tees will stick in the mat

Create your own tee line by placing several mats together

## Easy Picker Tee Line Artificial Turf

This new generation of nylon turf is the perfect surface for artificial tee lines. The turf is manufactured from texturized nylon with 125 ounces of face weight which replaces the old sand filled systems.

- 1 1/4" pile height for a natural feeling hitting surface
- Turf will not crush out or become hard with daily use
- Uses wooden tees, so no need for rubber tees
- Long Life

### Installation

Can be glued directly to any concrete surface or can be installed over a crushed limestone base with a sod perimeter to keep the turf in place.
